**WE KNOW A THING OR TWO
ABOUT GUTS**

Probiotics. They're good for the gut and the immune system, and therefore good for the overall health of your horse. University studies* found that in order for probiotics to be effective for horses, they must be given at a daily rate of 1 billion CFU of an individual strain. Triple Crown® doesn't just meet this effective rate, they surpass it, and they're the only feed that does so. In fact, Triple Crown feeds have 100 times more guaranteed probiotics than any national brand. Maybe now is a good time to take a closer look at the nutrients in your feed.
