Show: Enhanced Learning from Judging Panel – LIVE FEEDBACK

JOIN US FOR A FUN EDUCATIONAL EXPERIENCE!

RIDERS and AUDITORS are welcome at this fun educational dressage event!

Participants learn from a panel of USDF judges and L-Graduates.

LUNCH BREAK: “View from C” Discussion with Judges

Prior to each ride, test directives are read aloud to help the audience understand the expectations of each test level. Riders will begin each session by riding a test as they would in a show venue, once tests have been scored by the judges panel, riders will be provided live feedback and be allowed to ask questions. Time will be allotted to allow riders to work with the judges on specific movements in need of fixin’. Rides are scored by all, in a low-stress, non-competitive, comfortable atmosphere, giving the freedom to really learn from the advice of multiple judges. All riders will receive their score sheets from all judges.
