

# March DVD Night

## If Horses Could Speak:

How Incorrect Modern Riding  
Negatively Affects Horses' Health  
by Dr. Gerd Heuschmann

March 17, 2013

Let us know you are coming and what "Luck o' the Irish" dish you are bringing!

**Location:** Home of Shannon Martin  
117 Poppy Hills Drive  
Georgetown, TX 78628

**Time:** 5:00pm-8:00 pm

**RSVP:** Shannon Martin  
512-574-8144 or  
slearmartin@gmail.com

**Cost:** ADU Members: Free  
Guests: \$5

This DVD is based on the best-selling book "Tug of War: "Modern" versus Classical Dressage"—a book that shook the equestrian industry upon its initial release around the world. Now, you can take a step further into the examination of the horse's "riding experience" and see just how specific kinds of movement and posture impact the horse's skeleton and musculature.

Viewers are shown how the horse's limbs, muscles, and ligaments interact at various gaits. Viewers are sure to be astounded by the direct role their riding has on their horse's physical and mental health and well-being.

Includes interviews with professional riders, veterinarians, and academics who specialize in the study of the horse's anatomy and how riders can best work with it, rather than against it. This DVD is not to be missed by anyone who desires to train and ride horses in a way that nurtures and builds them up, rather than wears them out and tears them apart.

Please RSVP by March 15!

If interested in bringing an Irish dish, some ideas include: potato, squash or cabbage dishes, blarney stone cookies, soda bread, soups and tea
